

The Ultimate 2D/3D Workstation!

Introducing our latest WSX series! The world's first 'Ultimate' Desktop 2D/3D Graphics Workstation that has been individually developed to meet the needs of today's leading industry professionals.

"Powered by the latest Intel® Core i7 Extreme Quad-Core CPU for the fastest 2D & 3D application experience EVER"

Specially Designed and Engineered to Enhance the Most Complex of Digital Pipelines; our WSX series features the world's fastest performing desktop workstation processor, fused with our legendary technical knowhow for the ultimate 'revolutionary' workstation experience.

Features:

- Workstation Enhanced System Architecture
- Intel® Core i7 45nm Quad-Core CPUs (up to 4.2GHz)
- Intel® Quick Path Interconnect (QPI) up to 6.40GT/Sec
- Intel® Hyper-Threading Technology
- Perfect for Complex 2D/3D Graphics & DI Workflows
- Increased Productivity with Lower Total Cost of Ownership
- Platinum Grade After Sales Service & Technical Support
- Innovative Low Noise Cooling Solution
- Rock Solid System Reliability

Processors:	Intel® Core i7 Series Quad-Core 64Bit Processors (4.80/6.40 GT/Sec QPI) Intel® X58 Workstation Chipset with QPI up to 6.4GT/S and the ICH10R Supports Intel® Core i7 & Core i7 Extreme Edition CPU's
Memory:	Up to 12GB of Triple Channel 1333MHz DDR3 Memory 6x 240-pin DIMM sockets supporting 1333 DDR3 Memory Available with 1GB & 2GB, DDR3 Memory Modules
Form Factor:	Mid-Tower Design (DxWxH) - 465 x 198 x 425mm
Graphics:	Support for TWO Dual Wide ISV Certified Professional Workstation Graphics <ul style="list-style-type: none">• NVIDIA Quadro® FX Graphics Cards• NVIDIA Quadro® FX (SLI) support• ATI FirePro™ Graphics Cards• Dual Display Output (Single & Dual-Link DVI)• Dual Display Outputs (Display Port)• Optional SDI Outputs (NVIDIA Quadro® ONLY)• x16 PCI-Express Generation 2.0 Graphics Interface
Storage:	Support for up to FOUR Hard Disk Drives (Max 8.0TB) <ul style="list-style-type: none">• SATA 3.0GB/Sec – 80GB to 2.0TB (7,200rpm)• SATA 3.0GB/Sec – 150GB to 300GB (10,000rpm)• SAS 3.0GB/Sec – 74GB to 300GB (15,000rpm) Optional Hot Swap Drive Enclosure (SAS/SATA)
Optical:	DVD/RW & BluRay/RW Drive Options (Max TWO Drives per system)
Integrated Devices:	Intel® ICH10® SATA Host RAID Controller Optional SAS Hard Disk Support Support for RAID 0, 1 & JBOD Intel® Gigabit Ethernet Controller Realtek 7.1 HD Workstation Audio
I/O:	
External:	2x Gigabit Network Interface Port (RJ45), High Definition Audio Ports (Rear), 1x FireWire 400, 8x USB2.0 + Audio Out/Mic (Front), 1x FireWire 400 & up to 8x USB2.0 (Rear)
Internal:	6x SATA 3.0GB/Sec Ports, 2x (x16) PCI-E Generation 2.0, 1x (x4) PCI-E (in x 16 slot), 1x PCI-E x1 , 2x PCI 33MHz slots
Supported Operating Systems:	Microsoft Windows XP Professional 32/64 Microsoft Windows Vista Business 32/64 Microsoft Windows Vista Ultimate 32/64
